

NTZ Police Fleet

Filter KIT OE TESTED, APPLIED AND PROVEN TECHNOLOGY

REDUCE YOUR POLICE FLEET COSTS

- Removes the smallest contamination from fluid (2 micron and smaller)
- Cleaner fluid equals less friction, resulting in fuel economy improvement of 3-4% *
- Double the life of the transmission and engine
- Safely extend oil drain intervals 3-5 times longer, reduce maintenance costs
- Can be installed on an engine or transmission. One time purchase-filter can be moved from fleet to fleet
- NTZ's bypass micro filter is installed in addition to the full flow filter and cleans oil to a better than new condition
- Environmentally friendly – reduces oil use and disposal costs
- OTHER (HYDRAULIC) FILTERS AVAILABLE FOR DPW EQUIPMENT

* **Proven**

NTZ Micro Filtration is an original equipment and Tier 1 automotive filter supplier of advanced transmission, engine and fuel filtration products.

28221 Beck Road; Building A-1
